Program Outcomes, Program Specific Outcomes and Course Outcomes for all programs offered by the institution are stated and displayed in website of the Institution

UNDER GRADUATE PROGRAMME (UG) B. Ed.

Sr.	Name of the	Program outcome
No. 1.	Program B.Ed.	 The essential competencies are developed among student-teachers in order to develop an attitude towards becoming a committed and performance oriented teacher. The student-teachers are built with strong psycho-social foundation, essential knowledge, skills and attitude so as to enable them to become responsible teachers of the modern world and information age. The student teachers are made aware about the national values enshrined in the Constitution of India, the core elements, duties and responsibilities of a teacher, human rights and the dignity of individuals. The awareness is developed among student teachers about the socio-economic and political scenario of the society in order to understand the need of inclusion of all sections of the society. The awareness about importance of unity in diversity is also created among the student teachers. The scientific temperament, critical thinking, sense of appreciation and decision making are developed among the student teachers. The emerging issues related to environment, gender equality and use of technology, legal provisions on education, rights and duties enshrined in the constitution of India etc. are sensitized among the student teachers.

Sr. No.	Name of the Program	Course Outcome

	5. Appreciate the importance of History Room in learning History6. Be acquainted with qualities and professional growth of teacher of History and help them in acquiring the same.
	7. Understand the nature, characteristics, structure, importance and place of History in the school curriculum. 8. Be acquainted with teaching of various concepts in History and
	Civics.
Paper XI:	1) Develop & understand the necessary skill, types regarding
Pedagogy of a	planning of teaching of Geography at Macro-level and micro level.
School Subject	2) Understand concept, techniques in evaluating student's
Two: Geography	performance in Geography.
	3) Construct appropriate assessment tools for evaluating Geography learning.
	4) Understand the concept of content cum methodology &
	acquaint the knowledge about preparation of subject structure & text book, unit analysis.
	5) Be acquainted with qualities, professional growth & role of
	Geography teacher in the present context.
	6) Develop adequate skills in teaching Geography.
	7) Be acquainted with teaching of various concepts in Geography.
Critical	1. Enable student teachers to understand importance of ICT in day
Understanding of ICT	to day life.
IC1	2. Enable student teachers to acquire essential skills of ICT in order to integrate ICT in teaching, learning, evaluation,
	administration, teaching material development & developing
	collaborative networks for sharing and learning in schools and
	colleges. 3. Motivate student teachers to judiciously use ICT for facilitation
	for their own development and development of the society.
	4. Provide student teachers opportunities of using online and
	offline resources for their individual learning.
	5. Create net savvy attitude of sharing knowledge resources for betterment of the world.
	6. Help student teachers to construct knowledge using ICT and
	become a lifelong learner.
	7. Empower student teachers to become responsible citizens of the
	modern – technology based world.
School Internship	To motivate students for experiencing internship in secondary level
(Six Week i.e. 36 Days)	school.
CCM Workshop	Understand the concept of CCM.
•	Develop the ability to present the lesson according to CCM.
Evaluation Workshop	Understand the concept of Evaluation
 l .	

Action Research Project	Understand the concept of Action Research
Social Service	Understand the concept of Social Service
Physical and Health Education	Understand the concept of Physical and Health Education
B.Ed. Second Year Fourth Semester Paper XII: Gender, School &Society	 Develop basic understanding about concept as gender, sex, sexuality, gender bias gender in equality and empowerment. Understand the gender and educational and discourse in post-independence India. Understand about gender education and India. Understand about gender identities and socialization practice with respect to family, school. Develop attitude about gender equality. Inculcate role of school, family and teacher to develop gender equality. Develop an attitude about women empowerment, get knowledge about sexual harassment as an abuse, develop an attitude about changing status of women in the society
Paper XIII: Knowledge and curriculum Part- II	 Understand the Concept, nature and characteristics of Curriculum Understand the Epistemological basis of education explained by Indian educationalist. Understand the differences between various enterprise of Education. Understand the different dimensions of Curriculum Understand the Reflections of Curriculum on textbook, Children's literature, teachers' handbook and reference Book.
Paper XIV: Creating an Inclusive School	 Develop in the student teacher on understanding of the concept need, an importance of Inclusive Education Help the student teacher to understand the classification characteristics of disable students. Help the student teacher for understand the polices about inclusive education and recommendation for inclusive education Help the student teacher to understand the positive behavior for inclusion of student Help the student teacher to understand and the role and inclusive qualities and student.
Paper XV: Educational Management	 Explain the concepts and types of educational management. Understand meaning, concept of Institutional Planning. Identify and relate administrative set up for secondary education at Central, state and local level. Understand the structure of school plant and management of school. Understand the importance of human relationship, accountability in education and concept and problems of classroom management.
Paper XV: Paper XV: Value Education	 Understand the concept, need, nature and sources of values. Know the values included in school curriculum. Understand the different types of values and activities for inculcation of these values. Know the need of Value Education to parents and their role in value education.

	5. Comprehend the conflicts among values and the ways to
	overcome these conflicts.
Paper XV:	1) Understand concept, need and view point of guidance.
Guidance and	2) Understand principles and problems of different types of
Counseling	guidance.
	3) Understand concept and needs and guidance for the children
	with special needs.
	4) Understand the concept and process of Counseling.
	5) Acquaint the student with the aim and principles of guidance
	programme.
	6) Develop an understanding of various procedures of organizing
	various services.
Paper XV:	1. Understand the meaning, scope and development of Educational
Educational	Technology.
Technology	2. Understand the role of E.T. teacher as a change agent.
	3. Understand the meaning, scope, models and types of
	communication.
	4. Understand the system approach in instruction and the modes of
	instruction.
	5. Understand the resource for an instruction system6. Understand the management of resource and use of multimedia
	in teaching process.
Paper XV:	Develop knowledge and understanding related to concepts of
Environmental	environment and Environmental Education.
Education	2. Create awareness about the effect of environmental problems on
Laucation	human life among the secondary school students.
	3. Understand correlation between school subjects and
	environmental education.
	4. Create awareness about effect of population explosion on
	environment amongst the S.S. students.
	5. Create awareness among S.S. students to observe, identify and
	analyses the local environmental problems and suggest remedial
	measures.
	6. Understand role of teacher for developing knowledge and
	understanding among the Secondary School students for
	environmental management, environmental movements and laws
	of environmental conservation and pollution control with special
Danding and	reference to India. 1. Develop proper loud reading / reading skill /ability of students
